1. Registration Fee

The Registration Fee is a one-time fee covering the cost of admitting, assessing and registering a child. It is due within three weeks after the conclusion of the school contract.

2. Joining Fee

The Joining Fee is a one-time fee for new enrollment of the child on the MSF student role as of the first day of school. This fee is payable within three weeks after the conclusion of the school contract. For students whose enrollment is contractually limited to a period of less than 6 months, half of this fee is payable. Students who have been granted Reduced School Tuition are exempted from that fee as long as they meet the Reduced School Tuition conditions.

3. Early Years' Tuition and Snack Fee

The Early Years Tuition covers supervision and teaching services from 8:00 - 17:30 during Early Years School days according to the MSF Calendar. The MSF Calendar is published on the MSF website www.m-school.de. The MSF core programme runs from 8:30 - 15:30.

The Early Years Tuition for Frankfurt citizens is set by the City of Frankfurt in December for the next calendar year. Currently the City of Frankfurt covers the Early Years Tuition for Frankfurt citizens (*Kindergartenentgelt*).

The Snack Fee covers a morning and afternoon fruit/vegetable snack.

4. Primary and Secondary School Tuition

The Tuition covers the School Day which currently starts at 8:25 and finishes at 15:30 during school days according to the MSF School calendar. Opening and finishing times may change according to the educational and organizational needs of any given school year. Corona or other pandemic related laws may reduce the allowed programme hours and/or replace on campus instruction by remote learning and/or online learning.

5. MSF School Fee Reduction Programme

In the context of its school fee reduction programme MSF offers applicants socially acceptable school fees to make the school accessible to students in Grade 1 to 10 who would be unable to attend the school due to family income.

Natural persons, who are self-payers for all of their school tuition and fees, may file an application for reduction of the school fees, the Registration Fee and the Joining Fee if the family's means are such that the school fees cannot be paid in full. The family's means are its assets and its income.

*) For a definition of "Family income", please see section 5 point 2 below

**) The School endeavours to offer 25% of its places on a reduced school tuition basis

In the context of the MSF School Fee Reduction Programme the school takes into account the family's gross family income ("*Summe der positiven Einkünfte*") as well as the family's assets. The relevant annual gross family income is defined as all positive income obtained by all family members (including family members living not in the child's household) and of persons belonging to the same household. If the annual gross positive family income is below € 85,000 an application for reduced tuition can be filed. Applicants must submit a registration certificate which proves that their main residence is in Germany.

In case of any full or partial tuition cover or reimbursement of school fees by an employer or company or other organization to the family - or directly to MSF - the normal tuition and fees will apply.

Tuition reductions are granted for one year and reviewed annually. In order to qualify for the fee reduction programme for the following Academic Year, parents must submit all documents listed below **by 30th April**. These documents must be submitted again in updated form for every school year's fee reduction application, also for a recurring application.

1. A copy of the final Income Tax Report(s) of both parents of the year before the last year (*endgültige Einkommensteuerbescheide (EStB) des vorletzten Jahres, keine vorläufigen EStB*). A foreign equivalent certificate may be accepted if it is presented with an official translation into English or German.
2. For the last calendar year a written confirmation of both parents'/guardians' tax consultants or of the local tax assistance association (*Lohnsteuerhilfeverein*) confirming that - based on all available preliminary information - the total taxable family income for the last calendar year (*Summe der positiven Einkünfte des letzten Kalenderjahres*) is expected to not exceed the total income threshold the family is applying for.

3. The last 3 recent payslips (*Gehaltsabrechnungen*) of all family members and household members earning an income, showing their current monthly income. In case that is not available, a confirmation by the family's tax consultant about their income during the current year so far and an estimate for the family income during the rest of the calendar year.
4. A copy of the employment contract or a signed letter of the employer(s) to verify that there are no other employment benefits such as tuition support or housing cost support, etc.
5. A list of assets owned by all family members (*Vermögensaufstellung*) showing less than 100,000 € in total family assets (including but not limited to both guardians'/parents' sum of assets).

In case any of these documents are incomplete or not plausible or presented after the due date 30th April, the regular, higher tuition rates for the school year starting in August will apply. Please note that in order to ensure the fairness of this process to all members of our school community, any attempt to withhold or falsify relevant records or information will automatically lead to a rejection of the application for reduced tuition or a termination of the reduction of tuition and fees.

There will be no deadline extension beyond the 30th April date. Any documents presented after the deadline cannot be honored.

6. MSF Scholarships

Grade 1 to 10 families who do not qualify for a reduced school tuition may confidentially apply for an "MSF Scholarship" in May that reduces the normally payable monthly tuition significantly for the next Academic Year. Scholarships are granted for 1 child per family only.

Grade 11 and 12 families may confidentially apply for an "MSF IB Diploma Years Scholarship" in May that reduces the normally payable monthly tuition significantly for the next Academic Year.

A detailed scholarship letter for MSF Scholarships will be sent to all parents in the month of May. The MSF Board Scholarship Committee will decide on scholarship allocations by mid-June.

8. Other Costs

External Examination Fees: The cost of correcting the IGCSE and IB Diploma examinations by external examiners will be charged by Cambridge International and by the IBO to MSF and then charged to the individual parents separately by invoice after the exams have been taken.

Families who find it difficult to pay for these school trips should confidentially notify the MSF Director about their financial position in order to receive school funding for part or all of the relevant school trip cost.

Afterschool Care: is an optional supervision programme (“Hort”) for Grade 1 to Grade 5 students, allowing parents to have coverage from 8:00 – 17:30. Therefore the lunch fee is payable per month for each calendar month of the year including school holiday months.** Payments are due on the first day of each month by direct debit. Cancelling lunch before the school holidays and re-signing after the school holidays is not possible.

For Grades 11 and 12, MSF will publish a book list and offer ordering services for the relevant physical books, alternatively MSF may offer the option to purchase online books. If required, Grade 11 and 12 families may confidentially notify school management about their financial position in order to receive school funding for Grades 11 and 12 books.

The **Afterschool Care Late Pickup Fee** covers extra personnel cost for any pickup later than the MSF closing time which is 17:30. This fee is 10 € for every 5 minutes beyond the MSF closing time and 12.00 € for every 5 minutes after 18:00. It will be charged by direct debit at the end of the month.

9. General Payment Procedures

All of the above Tuition and Fee payments are due on the first day of the relevant month. They are payable by direct debit from the parents’ or guardians’ German bank account, except for IGCSE and IB Diploma examination fees which are charged by invoice.

The monthly tuition payments as well as the monthly school lunch and after school care payments are charged in 12 equal monthly installments.

In case a direct debit is not going through/rejected the School charges a handling fee of 10 € for each rejection plus the bank’s rejection fee. **In case of three rejected direct debits in one school year, the school is entitled to require semester by semester pre-payments with immediate effect.**
